### Hard Skill

---

- Frontend (Vue, React)
- DevOps (Kubernetes, Docker)
- Backend (NodeJS, Golang)

### Soft Skill

---

- Decision making
- Multi-tasking

### Education Background

---

- Kirirom Institute of Technology  
*Bachelor Degree of Software Engineering*  
Completed in 2022

### About Me

---

Software Engineering with 2+ years experience. I have the ability to speak HTML/CSS, JavaScript/TypeScript, Golang fluently to convert an idea into a product and deploy it. Build the product with tests code to prove that all features is working correctly before deploying and write automation scripts for testing, deployment in order to reduce workload and human errors.
